

## Project Open Day 2019 – A Visual Extravaganza!

Our second Project Open Day is scheduled for Sunday 31 March.

This year we are thrilled to be able to take you on a tour into an area of the project out of sight from the side of State Highway 1. We will be running bus tours from Warkworth into the heart of the project, showing you some of the biggest cuts and fills on the project and give you a chance to see the big kit in action. It will be a visual extravaganza!

Once at the on-site location there will be an opportunity to talk to the project staff, take a ride on some machinery, and there will be demonstrations with the Drone and other key construction activities.

This event requires getting on and off buses, walking on uneven and sometimes rough surfaces. If you have any queries/concerns about accessibility, please contact us directly on 0508 7295 4636 or at [info@nx2group.com](mailto:info@nx2group.com)

While the event is free, we are raising funds for a local charity and some activities/food stalls will have a small fee – with all proceeds going to the chosen charity.

Tickets to the event are available online at [www.nx2group.com/events](http://www.nx2group.com/events) from today, Wednesday 27 February. If you do not have online access, you can contact us directly to have some sent out to you.

We look forward to meeting you and showing you our exciting project.

Ngā mihi,  
Robert
