

Works Notification

March 2021

Road layout changes on Hibiscus Coast Highway onramp, near Johnstones Hill Tunnels

The Ara Tūhono - Pūhoi to Warkworth project will be making temporary lane layout changes to the Hibiscus Coast Highway northbound on-ramp from Wednesday **10 March** 2021. These changes will ensure crews have a safe working area while they progress the works that will eventually connect the Johnstones Hill Tunnels to the new motorway.

When will the work happen?

Leading up to these road layout changes, our team need to prepare the road for the traffic shift. To ensure disruptions are kept to a minimum, the changes will be completed over eight nights from Sunday 28 February to Tuesday 09 March 2021 between 9.00pm – 4.00am (not including Friday and Saturday nights). The works are weather dependent and may be postponed at short notice.

Stop/go traffic management will be in place on the Hibiscus Coast Highway southbound off-ramp and State Highway 1 while these night works take place. This is to ensure the safety of our workers and road users, while limiting disruption to traffic flows as far as practicable and will allow traffic to flow in both directions.

Safety is our highest priority, and the reduced speed limit of 40km/h will remain in place on the onramp for the rest of the year. While we will try to limit disruption to traffic flows, road users should plan ahead and allow more time for their journey.

What does this mean for you?

Regular Hibiscus Coast Highway users will notice a difference in the layout of the on-ramp as you merge with State Highway 1 traffic. We ask that drivers keep to the temporary speed limit for the safety of our work crews and road users, drive to the conditions and don't be distracted by work activity.

We acknowledge the inconvenience of these works to neighbours and motorists and thank you for your understanding while we complete this important work.
