

Media Release

Pūhoi Road closure for barrier installation at Arawhiti ki Pūhoi Viaduct

November 2020 | Ara Tūhono -Pūhoi to Warkworth Project

NX2 advises people travelling through the Pūhoi area that we are starting night works to install concrete barriers on the Arawhiti ki Pūhoi viaduct across Pūhoi Road.

For safety reasons and to minimise the disruption to the travelling public, the work will be carried out at night. A small section of Pūhoi Road will be closed for up to five nights, from **Sunday 29 November to Thursday 03 December** between 9:30pm to 4:00am. Signposted detours and traffic management will be in place.

As the detours will add a considerable amount of time to journeys, NX2 encourages road users to plan their travel for outside the closure hours, where possible. The dates are weather dependent and may be postponed if necessary.

NX2 apologises for any inconvenience caused during the closure and thanks road users for their understanding while this important work is completed.

The new four-lane motorway will provide increased safety, more consistent travel times and create a robust and reliable transport connection between Auckland and Northland.
